Shareholders Notification

The Board of Directors of Allianz Global Investors Fund (SICAV) (the "Company") hereby gives notice that the prospectus of the Company has been restructured, simplified and streamlined for reasons of clarity and better understanding. **The rewritten prospectus will become effective on 25 September 2017.**

Shareholders should note that in the rewritten prospectus the sub-fund specific investment policy is presented as a combination of (i) general investment principles which are applicable to all sub-funds, (ii) asset class specific investment principles applicable to all sub-funds of the respective asset class and (iii) specific investment objectives and investment restrictions determining the specific characteristics of each sub-fund which are not covered by the sub-fund's specific asset class principle.

Different asset class principles have been created for (i) Equity Funds, (ii) Bond Funds, (iii) Multi Asset Funds, (iv) Funds of Funds, (v) Target Maturity Funds, and (vi) Alternative Funds. Such asset class principles deal with the main requirements which are fulfilled by most of the respective sub-funds which belong to a specific asset class. Respective deviations are mentioned in the sub-fund's specific investment restrictions.

Shareholders should note that all measures performed in the rewritten prospectus are primarily triggered by harmonisation efforts and do neither aim to affect the sub-funds characteristics nor the applied investment strategy. In case that the rewritten concept creates opportunities beyond the hitherto investment policy of the respective sub-fund it cannot be ruled out that use will be made of these in future. As a matter of principle, sub-fund's investment policies are compliant with the currently applicable investment policy of the corresponding sub-fund.

However, adjustments of sub-fund's investment policies which have been carried out by implementing the concept and which are caused by harmonisation efforts are outlined below and will become effective on the same date the rewritten prospectus becomes effective.

Shareholders should note that neither fees nor expenses have been changed for any of the sub-funds and / or share classes.

Each column header refers to essential requirements of the Sub-Fund's specific Asset Class Principles. The following disclosures indicate particularly whether the Sub-Fund's current investment policy (i) has not been modified, (ii) has been modified or (iii) an existing exception (to the specific Asset Class Principles) shall be maintained.
