Sale of Share in the Receiving Sub-Fund after the Merger Date

Shares in the Receiving Sub-Fund received during the Merger can be sold once they have been credited to your securities account.

Merger Procedure

After the Merger Date, your securities account will be credited automatically and free of any sales or other charge with the number of shares in the Receiving Sub-Fund that corresponds to your previous investment in the Merging Sub-Fund.

For this purpose, the value of your shareholding in the Merging Sub-Fund is divided by the share price of the Receiving Sub-Fund. The conversion will be based on the share prices of the two Sub-Funds as determined on the Merger Date.

The Merging Sub-Fund will not distribute any income for the distributing share classes for the period running from the last distribution date to the Merger Date as per the Merger Date, such income will be considered while calculating the exchange ratio on the Merger Date.

The Merging Sub-Fund will accumulate its income for the accumulating share classes for the period running from the last financial year end to the Merger Date as per the Merger Date.

For investors domiciled in the Federal Republic of Germany, the merger is also published in the Börsen-Zeitung.

Please note that the above-mentioned Merger Date is set based on the current status of Sub-Fund holidays. It may occur that unplanned/ad-hoc holidays are announced in certain markets, which would prevent the calculation of net asset value for the Merging and/or Receiving Sub-Fund leading to the necessity to change the Merger Date to the next valuation date.

Yours faithfully, The Board of Directors
